This is to certify that a copy of the foregoing has been or will be served upon the following parties of record in the captioned proceeding by electronic mail or as otherwise agreed, on July 3, 2007.

Clayton C. Miller, BAKER & DANIELS, LLP 300 N. Meridian St., Suite 2700 Indianapolis, IN 46204 ccmiller@bakerd.com Nikki Shoultz, Bose McKinney & Evans LLP 2700 First Indiana Plaza 135 N. Pennsylvania Street Indianapolis, IN 46204

Darliel M. Le Vay Atty. No. 22484-49

Assistant Consumer Counselor

INDIANA OFFICE OF UTILITY CONSUMER COUNSELOR

100 N. Senate Ave., Room N501 Indianapolis, IN 46204-2215 infomgt@oucc.in.gov 317/232-2494 – Phone 317/232-5923 – Facsimile

### SETTLEMENT TESTIMONY OF JUDY GEMMECKE CAUSE NO. 43128 TWIN LAKES UTILITIES, INC.

### Introduction

1	Q:	Please state your name and business address.
2	A:	My name is Judith I. Gemmecke and my business address is Indiana Government
3		Center North, Room N501, 100 North Senate Avenue, Indianapolis, Indiana 46204.
4	Q:	By whom are you employed and in what capacity?
5	A:	I am employed by the Indiana Office of Utility Consumer Counselor (OUCC) as a
6		Senior Utility Analyst.
7	Q:	Are you the same Judith Gemmecke that previously filed testimony in this
8		Cause?
9	A:	Yes.
10	Q:	What is the purpose of your testimony in this proceeding?
11	A:	The purpose of my testimony is to support the settlement reached between the
12		OUCC and Twin Lakes with respect to its water and sewer rates. More
13		specifically, I will focus on the terms reached that represent a compromise
14		between the OUCC's testimonial position as provided in the OUCC's case-in-
15		chief and Petitioner's position as of its rebuttal filing. I will also discuss how the

1		settled increase in rates was calculated. Finally, I will provide schedules that
2		incorporate the compromise reached.
3 4	Q:	What changes to pro forma present rate net operating income have been made from the OUCC testimony regarding rate related items?
5	A:	There have been six (6) basic changes that have affected the rate proposal
6		originally submitted by the OUCC. These changes include:
7	•	Salaries and wages (and related payroll tax)
8	•	Amortization of Rate Case Expense
9		Depreciation (for sewer)
10	•	Amortization of CIAC (for sewer)
11	*	Cost of Common Equity
12	•	State and Federal Income taxes
13	Q:	What schedules are included with your testimony?
14	A:	I have provided the following schedules based on the settlement.
15 16 17		Schedule 1 (W / S) – Revenue Requirement, Gross Revenue Conversion Factor, Reconciliation of Net Operating Income Statement Adjustments.
18		Schedule 2 – Balance Sheet as of June 30, 2006
19		Schedule 3- Income Statement for Year Ended June 30, 2006
20		Schedule 4 (W/S) – Rate Base and Working Capital.
21 22		Schedule 5 – Capital Structure and Synchronized Interest (for use in Income tax calculation)
23		Schedule 6 (W / S) – Pro-forma Net Operating Income Statement
24		Schedule 7 – Revenue Adjustments

1		Schedule 8 - Expense Adjustments
2		Schedule 9 (W / S) – Comparative Rate Tariff
3		Settled Pro Forma Expense Issues
4 5	Q:	Please explain the settlement relating to pro forma salaries and wages expense.
6	A:	The OUCC and Petitioner agreed on pro forma salaries and wages expense by
7		calculating the pro forma amount in the following manner:
8		
9		First, we assumed the level of wages requested by Petitioner in Cause No. 42488
10		were reasonable and necessary and increased that level by 4% per year from 2004
11		through 2007. This resulted in pro forma wages of \$320,315 for water and sewer
12		together.
13		Next, the OUCC and Petitioner agreed to incorporate an allocated portion of two
14		new employees' salaries, along with payroll tax and benefits. This resulted in an
15		additional \$28,407 that was not present in the OUCC's previous filing in this
16		Cause. The detail to the adjustment can be seen on Schedule 8 as adjustment 1(a).
17		From the OUCC's perspective, this compromise was supported in part by the
18		hiring of the two new employees during the twelve month period following the
19		end of the test year, which was indicated in Petitioner's rebuttal case.
20	Q:	Please explain the settlement regarding rate case expense.
21	A:	Petitioner's rebuttal testimony accepted all the OUCC calculations of pro forma
22		rate case expense except the amount associated with legal fees. The OUCC had

recommended \$30,000 and Petitioner had requested \$80,000 for that component part of rate case expense. Following some discussion and review of billing statements provided under a claim of confidentiality to the OUCC, the Parties ultimately agreed on \$40,000 in rate case legal fees. This represents a compromise of both parties' position with respect to rate case legal fees.

### Q: Please explain the settlement regarding depreciation expense.

A:

As part of the settlement, Petitioner has accepted the OUCC's position that one composite rate should apply to all the utility's depreciable assets in service. However, as part of this settlement, both the OUCC and Twin lakes agreed to a depreciation rate on its sewer plant of 2.5% from Petitioner's current composite depreciation rate of 2.1%. This compromise was reached when it was noted that the sewer depreciation rate of 2.1%, which had previously been approved by the commission for Twin Lakes in a prior commission order, was less than the current sewer composite rate of 2.5%, which the Commission established as a standard rate in 1987. Therefore, the Parties have agreed to use the 2.5% depreciation rate for *all* sewer assets, which has resulted in annual *pro forma* depreciation expense of \$299,003 for the sewer utility. Likewise, *all* water assets will continue to be depreciated at a rate of 2% which has resulted in annual *pro forma* depreciation expense of \$107,050 for the water utility.

1 Q: Has dising the 2.5% depreciation rate for the sewer plant also changed the pro forma annual amortization of Contributions in Aid of Construction ("CIAC") for the sewer utility?

4 A: Yes. However, this *pro forma* change in the depreciation rate has not changed the accumulated amortization of CIAC nor has it changed the accumulated depreciation for sewer plant – both of which were based on the prior approved rate of 2.1%.

8 Q: Do all the above changes have an effect on pro forma income tax expenses under present rates?

10

11

12

13

14

15

16

17

18

19

20

21

A:

Yes. All the above adjustments plus the change in the cost of equity capital have an effect on net operating income and taxable income. The calculation method has remained the same between my prior testimony and this settlement testimony, however with the increases in tax-deductible expenses, tax expense has decreased.

### **Cost of Common Equity**

Q: What is the cost of common equity the OUCC and Petitioner have settled on?

A: The settlement establishes a cost of common equity of 10.15%. Petitioner had originally requested 11.5%, the OUCC recommended 9.15%. Petitioner's rebuttal testimony revised its request to 11.4%. The rate of 10.15% is a compromise by both Parties and had the following affect on the testimonial positions after all other issues in the settlement had been resolved:

Cost of Common Equity	11.40%	9.15%	10.15%
Weighted Cost of Capital	8.60%	7.65%	8.07%
Net Operating Income Required - Water	\$187,563	\$166,844	\$176,004
Net Operating Income Required - Sewer	\$520,272	\$462,800	\$488,209

1		Sewer Rate Structure
2 3	Q:	Have the OUCC and Petitioner reached a settlement regarding the rate structure of the sewer utility?
4	A:	Yes. We have agreed that Petitioner will prepare a rate study such that some
5		portion of the billing will be based on usage rather than the current method of a
6		flat rate. The rate study should be presented to the Commission for approval
7		either before the next rate case or with its next rate case.
8		Settlement with Intervenor
9 10	Q:	Is it your understanding that the Intervenor, Lake of the Four Seasons Homeowners Association, and Petitioner have also reached a settlement?
11	A:	Yes. Further, the OUCC does not object to that settlement.
	Q:	Does the OUCC consider the proposed settlement between Twin Lakes and the OUCC to be in the public interest?
	A:	Yes.
12	Q:	Does this conclude your testimony?
13	<b>A</b> :	imes Yes.
